

Technical Statement Transponders 26th January 2017 Version 1.0 FINAL (E&OE)

Introduction

BriSCA F2 has received a number of questions from new and existing drivers about appropriate transponders for use. The 2017 rulebook has been updated to include the latest product hardware from MyLaps (formerly AMB), as well as a list of acceptable transponders that have been used in other formulas or are available for purchase on the second-hand market. The text below is taken from the 2017 rulebook, and is intended to help drivers currently looking to purchase a transponder.

227 Transponders

227.1 All cars MUST be fitted with a working transponder for electronic lap-scoring.

227.2 The permitted transponders are:

- MyLaps/AMB – Tran-X 260 DP (Direct-Powered)
- MyLaps/AMB – Tran-X 260 (Rechargeable)
- MyLaps/AMB – Tran-X 160 (Rechargeable)
- MyLaps - X2 Car Transponder (Rechargeable)
- MyLaps - X2 Car Transponder (Direct-Powered)

Note: The subscription for the latest X2 range of transponders MUST be activated, and the transponder enabled before it can be used on track.

227.3 The transponder MUST be securely fitted, and working, at all times when the car is on the track or being scrutineered. Care should be taken with rechargeable units to ensure they are securely fitted to the car and will not come loose in an impact; It is recommended that such units are bolted to the car, and backed-up with additional cable-ties, rather than using the original plastic mount with an R-clip.

227.4 The transponder MUST be securely mounted a MINIMUM of 1800mm (1.8m) back from the front bumper, and approximately 450mm from the ground. Care should be taken to ensure a clear line of signal from the transponder to the ground.

227.5 Transponders may be sold/transferred at any time; however, the driver MUST inform the Licencing Officer and complete a Transfer Form.

227.6 Results will NOT be credited to a driver if their transponder fails to operate from the start of the meeting.

227.7 Transponders are available from MYLAPS Sports Timing (www.mylaps.com) and HS Sports (www.hssports.co.uk).
